Go that extra mile and maximise your potential!

- **Plan it early** – revise in short sessions (30 minutes to 1 hour).
- **Treat it like training** – be prepared to put the hours in.
- **Play to your strengths but don't forget your weaknesses** – know your strong points and use SAM Learning for those subjects and topics that you feel less confident about.
- **Don't forget to practice** – practice, practice and practice again. For the best results, do balanced amounts of revision and exam practice for every topic.

Try 10 hours on SAM Learning to improve your results!
