

Set your learners activities on Biology, Chemistry or Physics
For homeworks, revision, diagnosis and catch-up...

Focus on Year 7:
Diagnostic activities can find gaps and review progress.

5 Popular Science Activities:

- GCSE: [Animal and Plant Cells +](#)
- GCSE: [Periodic Table +](#)
- GCSE: [Electricity Basics +](#)
- KS3: [Solids, Liquids and Gases +](#)
- KS3: [Human Reproduction +](#)

Use **Classroom Differentiation Groups** - used to track catch-up work for targeted learners in your classes.

Create **'Wave 2' Intervention Groups** across a cohort to target revision or catch-up programmes.

Set a range of activities...

You can filter by exam board

Revise+ - to review and check basic learning

Test / Exams - text-based exercises for *extended answers* with levelled mark schemes

Exam Essentials - Focus in on commonly asked questions and techniques (AQA).

Key Content - identifies core knowledge to concentrate on.

All of these are marked for you - and you can see progress reports in moments!

Personalise your own assessments with Activity Builder

- Turn your old worksheets into *self-marking* activities
- Use your own *experiments* as a basis for questions
- Link to *YouTube* videos or websites (e.g. experiments or simulations)
- *Edit existing activities* to make them right for your learners - differentiate up or down

Set regular SAM Learning homeworks and your learners will know that they have a great resource when it comes to revision!

Use **Question Level Analysis (QLA)** to **Find Gaps:**

- Which **learners** are doing less well?
- Which **questions** are causing the most problems for your class?

Student Name	Screen 1 (75%)	Screen 2 (71%)	Screen 3 (50%)	Completion Date	Activity Score
Elena Talpa	0	67	0	DEC 22	50
Constantin Pogorelov	100	83	100	DEC 17	88
David Brown	100	100	100	DEC 22	100
Eugene Dementev	100	33	0	DEC 22	38

Download a full list of (3000+) **Science** activities available for you on SAM Learning from our [List of Topics](#).

Watch brief [CPD Videos](#) - or [book us in](#) to your **department meeting** for training or a Q&A.
